

**CURRICULUM VITAE**  
**ROGER E. SALISBURY, MD, F.A.C.S.**

**DATE OF BIRTH:** June 28, 1940

**PLACE OF BIRTH:** Philadelphia, PA

**CONTACT:** 45 Eastern Point Road  
Gloucester, MA 01930  
[info@americanburnconsultants.com](mailto:info@americanburnconsultants.com)  
1-877 747-6080

**WEBSITE:** [www.americanburnconsultants.com](http://www.americanburnconsultants.com)

**EDUCATION:** Haverford College, B.A., 1962  
Albert Einstein College of Medicine, MD, 1966  
1300 Morris Park Avenue, Bronx, NY 10461

**INTERNSHIP:** Thomas Jefferson University Hospital, Philadelphia,  
Surgery. Philadelphia, PA – July 1, 1966 – June 30, 1967

**RESIDENCY:** Residency General Surgery, Thomas Jefferson University  
Hospital, Philadelphia, PA 1967-71  
Fellowship, Hand Surgery, Thomas Jefferson University  
Hospital, Philadelphia, PA 1968-69  
Chief Residency, General Surgery, Thomas Jefferson  
University Hospital, Philadelphia, PA 1970-71  
Residency, Plastic Surgery, Temple University Health  
Sciences Center, Philadelphia, PA 1974-76

**CERTIFICATION:** American Board of Surgery May 1972  
American Board of Plastic Surgery May 1978  
State of Pennsylvania, 1967  
State of North Carolina, 1976  
New York State License # 147254 - Current  
Advanced Burn Life Support  
Advanced Cardiac Life Support

**PRESENT APPOINTMENTS:**

Director, American Burn Consultants, Inc. [www.americanburnconsultants.com](http://www.americanburnconsultants.com)  
Medical Director, Paradigm Medical Outcomes [www.paradigmcorp.com](http://www.paradigmcorp.com)  
Emeritus Chief of Plastic Surgery and Director of Burn Center,  
Westchester Medical Center

**Emeritus Professor of Surgery, New York Medical College  
Professor of Clinical Public Health, Health Policy and Management, New York  
Medical College**

**ACADEMIC APPOINTMENTS HELD:**

**Professor of Surgery and Chief of Plastic and Reconstructive Surgery,  
New York Medical College, 1981- 2008  
Director, Burn Center and Chief of Plastic Surgery, Department of Surgery,  
Westchester Medical Center, 1981- 2008  
Consultant in Plastic Surgery, Castle Point VAMC.  
Consultant in Plastic Surgery, Blythedale Children's Hospital.  
Director, North Carolina Jaycee Burn Center, Department of Surgery,  
University of North Carolina School of Medicine, 1976-81.  
Director, Burn Research Laboratory, North Carolina Memorial Hospital, 1978-81.  
Associate Professor of Surgery, Division of Plastic and Reconstructive Surgery and  
Surgery of the Hand, Department of Surgery, University of North Carolina School  
of Medicine, 1976-81.  
Consultant in Plastic Surgery, Womack Army Hospital, Fort Bragg, NC, 1976-81.  
Consultant in Plastic Surgery, Veterans Administrative Hospital, Fayetteville, NC,  
1976-81.  
Chief, Plastic Surgery, 3724 Army Reserves Hospital, Durham, NC, 1976-81.  
Chief, Surgical Study Branch, US Army Institute of Surgical Research, Brooke  
Army Medical Center, Fort Sam Houston, TX, 1974.  
Attending Staff Surgeon, Brooke General Hospital, Brooke Army Medical Center,  
Fort Sam Houston, TX, 1971-74.  
Instructor in Surgery, University of Texas School of Medicine, 1973-74.  
Instructor in Surgery, Thomas Jefferson University Hospital, 1970-71.**

**PROFESSIONAL SOCIETIES, Current & Inactive:**

**American Association of Plastic Surgeons  
American Association of Tissue Banks  
American Burn Association  
American Medical Association  
American Society for Surgery of the Hand  
American Society of Artificial Internal Organs  
American Society of Plastic and Reconstructive Surgeons  
American Association for the Surgery of Trauma  
Association for Academic Surgery  
International Society for Burn Injuries  
New York Society of Plastic and Reconstructive Surgeons  
New York Surgical Society  
New York Society for Surgery of the Hand  
Plastic Surgery Research Council  
Society of University Surgeons  
Westchester County Medical Society**

**COMMITTEES (*Westchester Medical Center, New York Medical College*) Inactive:**

**Admissions Committee  
Executive Committee  
Tenure, Appointments and Promotions  
Quality Assurance  
Utilization Review  
O.R. Committee  
Program Education Committee**

**OTHER:**

**Peer Review Committee, Westchester County Medical Society, 1984-2010  
Director, Committee Organization and Delivery of Burn Care, ABA, 1983-85  
Director, Committee on Rehabilitation, ABA, 1985-88  
Director, Committee on Research, American Society for Surgery of the Hand, 1986-89  
Program Chairman, American Burn Association, 1989-90  
Vice President, American Burn Association, 1989-90  
Chairman, Membership Committee, American Burn Association, 1989-90  
President-elect, American Burn Association, 1990-91  
President, American Burn Association, 1991-92**

**RESEARCH:**

**National Drug Company Grant, Clinical Investigation of the Effect of Oral Enzymes on Postoperative Edema Secondary to Upper Extremity Surgery, 1968-69.  
Thomas Jefferson University, Department of Orthopedics, Response of Connective Tissue to Artificial Tendons, 1969.  
United States Army Institute of Surgical Research, Brooke Army Medical Center, Fort Sam Houston, TX 1971-74.  
Director, The Burn Research Laboratory, University of North Carolina School of Medicine, 1976-81.  
Director, Tissue Bank, Experimental and Clinical North Carolina School of Medicine, 1976-81.  
Chairman, Research Committee, American Society for Surgery of the Hand, 1986-89.  
Member, Research Committee, American Society of Plastic Surgeons, 1986-87.  
Chairman, Committee on Burn Rehabilitation, American Burn Association, 1984-88.**

**EDITORIAL BOARDS: Current & Inactive**

**Associate Editor, Journal of Hand Surgery**  
**Associate Editor, Journal of Burn Care and Rehabilitation**  
**Associate Editor, Journal of Biomaterials Research**  
**Associate Editor, Pediatric Emergency News**  
**Associate Editor, Yearbook of Plastic, Reconstructive and Aesthetic Surgery**

**VISITING PROFESSORSHIPS:**

**University of Alexandria, Egypt, March – April 1979**  
**Downstate Medical College, New York, NY, November 1978**  
**President, International Congress on Reconstruction and Rehabilitation of the Burn Patient, Jerusalem, Israel, 1985**  
**President, International Symposium on Burn Reconstruction, Beijing, China, 1991**

**SPECIAL HONORS AND AWARDS:**

**U.S. Army Certificate of Achievement, 1974**  
**U.S. Army Meritorious Award, 1974**  
**U.S. Army Commendation Medal, 1979**

**SEMINARS HOSTED:**

**“Scar Wars – A Surgeon’s and a Therapist’s Perspective”, Tarrytown Hilton, Tarrytown, NY June 1985**  
**“Burns 2010: The Role of the Burn Team in the Future”, Tarrytown Hilton, Tarrytown, NY November 1985**  
**Burn Care Update, Regional American Burn Association Meeting, Chapel Hill, NC, 1978**

#### PRESENTATIONS:

1. The Hand: Treatment of injuries and infection. American College of Osteopathic Surgeons, 1969.
2. Use of artificial tendons in children. Philadelphia Hand Surgery Group, May 1969.
3. Tendon sheath formation with artificial tendons. Thomas Jefferson University Hospital, October 1970.
4. Use of oral proteolytic enzymes in upper extremity surgery. University Surgical Residents' Annual Conference, Miami Beach, FL, April 1971.
5. Management of electrical injuries of the upper extremity. American Society of Plastic and Reconstructive Surgery. Las Vegas, NV, October 1972.
6. Management of hand edema post thermal injury. American Association for Surgery of Trauma, San Francisco, CA, September 1972.
7. Management of upper extremity burns in children. Military Association of Plastic and Reconstructive Surgeons. Washington D.C., January 1973.
8. Treatment of hand burns. Brooke General Hospital Trauma Course. Brooke Army Medical Center, Fort Sam Houston, TX, March 1973.

9. **Intrinsic muscle destruction in thermally injured patients. American Burn Association, Dallas, TX, April 1973.**
10. **Response of undifferentiated connective tissue of artificial tendons. International Biomaterials Symposium, Clemson University, SC, April 1973.**
11. **Artificial Tendons: Design, application and results. American Association for Surgery of Trauma, Chicago, IL, October 1973.**
12. **Reversal of intraperitoneal pseudomonas mortality in the burned rat by surgical excision and allografting. American Society of Plastic and Reconstructive Surgery, Hollywood, FL, October 1973.**
13. **Laboratory and clinical evaluation of lyophilized porcine cutaneous xenograft as a biologic dressing. Southeast Plastic Surgical Society, Ft. Lauderdale, FL, May 1973.**
14. **Artificial tendons: Design, and application for flexor tendon injuries. Gordon Research Conference "Biomaterials", Andover, NH, July 1973.**
15. **Artificial skin: Design and application for thermal injury. Gordon Research Conference, "Biomaterials", Andover, NH, July 1973.**
16. **Rhinocerebral phycomycoses. Southern Medical Association, San Antonio, TX, November 1973.**
17. **Evaluation of digital escharotomy in thermally injured hands. Symposium of Military Plastic Surgeons, Walter Reed Army Medical Center, Washington D.C., January 1974.**
18. **A comparison of coarse mesh gauze versus biologic dressings. Symposium of Military Plastic Surgeons, Walter Reed Army Medical Center, Washington D.C., January 1974.**
19. **Artificial prostheses for tendon injuries: Mechanical problems and cellular response. Interdisciplinary Conference, Biomedical Research Problems in a Changing World, The Institute for Molecular Physics, The University of Maryland, Washington D.C., January 1974.**
20. **Special consideration in the treatment of hand burns. Brooke Army Medical Center Trauma Course, Ft. Sam Houston, TX, March 1974.**
21. **Pseudosheaths formed by gliding tendon prostheses. The hand: A decade of tendon surgery. Thomas Jefferson University, Philadelphia, PA, March 1974.**
22. **Digital escharotomy for thermally injured hands. American Burn Association, Cincinnati, OH, April 1974.**

23. Evaluation of end devices for artificial tendons. International Biomaterials Symposium, Clemson University, Clemson, SC, April 1974.
24. Management of thermal injury of the upper extremity. American College of Surgeons, Miami, FL, 1974.
25. Development of artificial tendons. The Ivy Society, Allentown, PA, February 1975.
26. Rehabilitation of the burned hand. American Burn Association, Denver, CO, 1975.
27. Depression of wound healing post thermal injury. The Ivy Society, Philadelphia, PA, February 1976.
28. Rehabilitation of the burned hand. American Burn Association, San Antonio, TX, April 1976.
29. Current concepts in burn injury. Fayetteville Veterans' Hospital, Fayetteville, NC, September 1976.
30. Rehabilitation of the burned upper extremity. American College of Surgeons, Chicago, IL, September 1976.
31. Rehabilitation of the burned upper extremity. H.A.O.S. Hand Symposium, Thomas Jefferson University Hospital, Philadelphia, PA, March 1977.
32. Management of the burned trauma patient. North Carolina Chapter of the American College of Surgeons Trauma Symposium, Durham, NC, April 1977.
33. Burns and Splints. American Burn Association, Anaheim, CA, April 1977.
34. Burn treatment 1977. North Carolina Medical Society, Pinehurst, NC, May 1977.
35. Rehabilitation of the thermally injured patient. Industrial Commission, Charlotte, NC, May 1977.
36. Burn reconstruction and rehabilitation. 30<sup>th</sup> Anniversary, United States Army Burn Center, San Antonio, TX, June 1977.
37. Reconstruction of the thermally injured ear. American Burn Association, Birmingham, AL, March 1978.
38. Effect of delay in treatment on mortality of burn wound sepsis. Plastic Surgery Research Council, Richmond, VA, May 1978.

39. Rapid diagnosis of burn wound sepsis. International Society for Burn Injuries, Stockholm, Sweden, June 1978.
40. Comparison of topical antibiotics in preventing burn wound sepsis. International Society for Burn Injuries, Stockholm, Sweden, June 1978.
41. Altered patterns of collagen synthesis in the thermally injured host. American Society of Plastic and Reconstructive Surgeons, Toronto, Canada, October 1979.
42. The effect of thermal injury on collagen synthesis in healing skin wounds. American Society of Biological Chemists, Spring 1979.
43. Effect of progressive devascularization on collagen synthesis in repaired flexor tendons. 11<sup>th</sup> International Congress of Biochemistry, Spring 1979.
44. Altered patterns of collagen synthesis in the thermally injured host. Womack Society, February 1979.
45. In vivo and in vitro macrophage chemotaxis in infected thermal injured rats. Plastic Surgery Research Council, April 1979.
46. Altered patterns of collagen synthesis in the thermally injured host. Plastic Surgery Research Council, April 1979.
47. Thermal burns, electrical and cold injuries. New York University Hand Symposium, June 1979.
48. A new adherence tensiometer for evaluation of biologic and synthetic skin substitutes. Surgical Forum, October 1979.
49. In vivo and in vitro macrophage chemotaxis in infected thermal injured rats. American Society of Plastic and Reconstructive Surgeons, Toronto, Canada, October 1979.
50. Altered patterns of collagen synthesis in the thermally injured host. American Society of Plastic and Reconstructive Surgeons, Toronto, Canada, October 1979.
51. Fluid and electrolyte management in the burn patient. International Society for Burn Injuries, Denver, CO, 1979.
52. Topical agents for burn injuries. International Society for Burn Injuries, Denver, CO 1979.
53. Monitoring the acutely burned patient. International Society for Burn Injuries, Denver, CO, 1979.

54. Reconstruction of the burned hand. International Society for Burn Injuries, Denver, CO, 1979.
55. Designing and building a burn unit. International Society for Burn Injuries, Denver, CO, December 1979.
56. Wound collagen synthesis is inhibited in a burn site and normal at a distant site. American Burn Association, San Antonio, TX, March 1980.
57. Cosmetics for the burn patient, the illusion of reality. American Burn Association, San Antonio, TX, March 1980.
58. Effect of trauma and devascularization on collagen synthesis following flexor tendon injury. Plastic Surgery Research Council, Hershey, PA, April 1980.
59. The effect of different biologic dressings on evaporative water loss from burn wounds. The American Association of Tissue Banks, Washington D.C., May 1980.
60. The burned hand. American Burn Association Seminar on Recent Advancements of Burns, Baltimore, MD, May 1980.
61. Reconstructive surgery and nursing. American Burn Association Seminar on Recent Advancements of Burns, Baltimore, MD, May 1980.
62. Occupational and physical therapy. American Burn Association Seminar on Recent Advancements of Burns, Baltimore, MD, May 1980.
63. Thermal, electrical and cold injuries. Hand Surgery Symposium, New York University, New York, NY, June 1980.
64. Clinical evaluation of Betadine Helafoam as a topical chemotherapeutic agent for thermally injured patients. "A preliminary report", The Second World Congress on Antisepsis, New York, NY, June 1980.
65. Burn and trauma care. Sheridan County Memorial Hospital, Sheridan, WY, June 1980.
66. Acute burn care. Burn Center, Goiania, Brazil, July 1980.
67. Burn reconstruction. Burn Center, Goiania, Brazil, July 1980.
68. Electrical injuries. Burn Center, Goiania, Brazil, July 1980.
69. Electrical burns. Seminar on "Burns in Children". American Burn Association, Galveston, TX, September 1980.

- 70. The burned hand. Seminar on "Burns in Children". American Burn Association, Galveston, TX, September 1980.**
- 71. Current concepts in the management of burns. American Society of Plastic and Reconstructive Surgeons, New Orleans, LA, October 1980.**
- 72. The use of fluorescein dye as an indicator of muscle viability in high voltage electrical injury. The American Society of Plastic and Reconstructive Surgeons, New Orleans, LA, October 1980.**
- 73. Reconstruction of the thermally injured patient. Earlinger Memorial Hospital, Chattanooga, TN, December 1980.**
- 74. Infection in the thermally injured patient. Earlinger Memorial Hospital, Chattanooga, TN, December 1980.**
- 75. Rehabilitation of the burn patient. The International Society for Burn Injuries, Denver, CO, December 1980.**
- 76. Prevention and treatment of scars and contractures. The International Society for Burn Injuries, Denver, CO, December 1980.**
- 77. Pulmonary thermal injuries. The International Society for Burn Injuries, Denver, CO, December 1980.**
- 78. The use of topical antibacterials. The International Society for Burn Injuries, Denver, CO, December 1980.**
- 79. Early excision and grafting versus non-operative treatment in deep 2<sup>nd</sup> and 3<sup>rd</sup> degree burns of the hand. American Society for Surgery of the Hand, Las Vegas, NV, February 1981.**
- 80. The burn team. American Society for Surgery of the Hand, Symposium on Hand Rehabilitation Correlated with Hand Surgery, Philadelphia, PA, March 1981.**
- 81. The end result. American Burn Association, Washington D.C., April 1981.**
- 82. Initial resuscitation, treatment and triage of the burn child. Symposium on Pediatric Trauma, Westchester County Medical Center, Valhalla, NY, September 1981.**
- 83. Team approach to burn care. Volunteer Fire Fighters, Westchester County Medical Center, Valhalla, NY, September 1981.**
- 84. Changing concepts in the thermally injured patient. Department of Surgery, Harlem Hospital, New York, NY, October 1981.**

- 85. What's new in burn care. American Association of Plastic and Reconstructive Surgery, New York, NY, October 1981.**
- 86. Reconstruction of the burned patient. American Association of Plastic and Reconstructive Surgery, New York, NY, October 1981.**
- 87. Changing concept of burn mortality. Surgical Grand Rounds, Westchester County Medical Center/New York Medical College, Valhalla, NY, October 1981.**
- 88. Specific skin problems. American Society for Surgery of the Hand, Kiawah, SC, October 1981.**
- 89. Burns. American Society for Surgery of the Hand. Kiawah, SC, October 1981.**
- 90. Wound healing. Surgical Grand Rounds, Lincoln Hospital Center, New York, NY, November 1981.**
- 91. The management of patients with burn injuries. The International Society for Burn Injuries, Denver, CO, December 1981.**
- 92. Initial management of the acutely burned patient. Department of Surgery, Westchester County Medical Center/ New York Medical College, Valhalla, NY, December 1981.**
- 93. Current concepts in surgery. Department of Surgery, Westchester County Medical Center/ New York Medical College, Valhalla, NY, 1981.**
- 94. Team approach to burn care. Department of Surgery, Peekskill Hospital, Peekskill, NY, February 1982.**
- 95. Differences in managing the burn wound. Panel Discussion, Second Symposium on Burn Care, University of Florida, Gainesville, FL, February 1982.**
- 96. Plastic Surgery – 1982 Update. Surgical Ground Rounds, Stamford Hospital, Stamford, CT, February 1982.**
- 97. Plastic and reconstructive surgery. Tutorial, Westchester County Medical Center/ New York Medical College, Valhalla, NY, February 1982.**
- 98. Priorities in reconstruction of burn patients. Second Annual Critical Care Course, St. Vincent's Hospital, New York, NY, March 1982.**
- 99. Surgical management of the burned patient. Hand Rehabilitation Symposium, Philadelphia, PA, March 1982.**
- 100. Initial resuscitation, treatment and triage of the burned child. Pediatric**

- Trauma Day, Dutchess Community College, Poughkeepsie, NY, March 1982.**
- 101. A team approach to burn care. Community General Hospital, Harris, NY, March 1982.**
  - 102. Update of pediatric plastic surgery. Grand Rounds, Lincoln Hospital Center, Bronx, NY, April 1982.**
  - 103. Advances in burn care. American College of Surgeons, Long Island Chapter, Valhalla, NY, May 1982.**
  - 104. Instructional course in rehabilitation of the burned patient. American Burn Association Meeting, Boston, MA, May 1982.**
  - 105. General principles and correction of burn deformity. Grand Rounds, St. Luke's Hospital, New York, NY, May 1982.**
  - 106. Burns. Grand Rounds, Presbyterian Hospital Center, New York, NY, May 1982.**
  - 107. Plastic and reconstructive surgery. Tutorial, New York Medical College, Valhalla, NY, May 1982.**
  - 108. New approach to reconstruction of burns. Current Concepts in Surgery. New York Medical College, Valhalla, NY, May 1982.**
  - 109. What's new in burn care. Grand Rounds, Nyack Hospital, Nyack, NY, June 1982.**
  - 110. Plastic and reconstructive surgery. Tutorial, New York Medical College, Valhalla, NY, August 1982.**
  - 111. Electrical burns. 6<sup>th</sup> International Congress on Burns, San Francisco, CA, September 1982.**
  - 112. Physiological aspects of family therapy programs. 6<sup>th</sup> International Congress on Burns, San Francisco, CA, September 1982.**
  - 113. The burned hand. 6<sup>th</sup> International Congress on Burns, San Francisco, CA, September 1982.**
  - 114. Physiological profile monitoring in high risk thermally injured patients. 42<sup>nd</sup> Annual Meeting of the American Association for Surgery of Trauma, Colorado Springs, CO, September 1982.**
  - 115. The burned victim – care and treatment, microsurgery today and advances in**

- Reconstructive surgery. Medical Transcriptionists, Westchester Dinner Theater, Elmsford, NY, September 1982.**
- 116. Keep 'em balanced (enteral or hyperal feedings). Committee on Trauma, Comprehensive Care of the Burn Patient, American College of Surgeons, Kansas City, MO, September 1982.**
  - 117. Controversies in burn care; Serratia Candida and other bombshells (burn sepsis); Advances in burn care – the good, the bad and the ugly (hypertrophic scarring); the counterfeits (skin substitutes and biologic dressings). Comprehensive Care of the Burn Patient, Kansas City, MO, September 1982.**
  - 118. Posterior triangle of the neck. Gross Anatomy Course, New York Medical College, Valhalla, NY, September 1982.**
  - 119. Burn reconstruction panel. American Society for Surgery of the Hand, Boston, MA, September 1982.**
  - 120. Acute burn care. Nyack Hospital Center, Nyack, NY, October 1982.**
  - 121. Burn reconstruction. Regional Burn Meeting, New York Medical College/ Westchester County Medical Center, Valhalla, NY, November 1982.**
  - 122. Radiation and chemical burns. Plastic Surgery Review Courses, New York Medical College, Valhalla, NY, November 1982.**
  - 123. Emergency care of the burn victim. Emergency Medical Technicians, Vassar Brothers Hospital, Poughkeepsie, NY, December 1982.**
  - 124. Management of inhalation injury; management of the burn wound. Regional Burn Seminar, Denver, CO, December 1982.**
  - 125. Surgical update – management of burns. Surgery Grand Rounds, New York Medical College, Valhalla, NY, January 1983.**
  - 126. Management of the burn wound. International Society for Burn Injuries, Hawaii, January 1983.**
  - 127. Inhalation injuries and other related problems. Videotape for Burn Classes, New York Medical College, Valhalla, NY, February 1983.**
  - 128. Burn care update. Regional Burn Symposium, St. Paul, MN, February 1983.**
  - 129. Resuscitation of the burn patient. Third Annual Burn Critical Care Symposium, St. Vincent's Hospital Center, New York, NY, March 1983.**
  - 130. The Burned Thumb. American Society for Surgery of the Hand, Anaheim, CA,**

**March 1983.**

- 131. Update on Plastic Surgery. Newcomers Club, Chappaqua, NY, March 1983.**
- 132. Burn Care – 1983. Grand Rounds, St. Joseph’s Hospital, Yonkers, NY, March 1983.**
- 133. Burn Rehabilitation: Burn Reconstruction. American Burn Association, New Orleans, LA, March 1983.**
- 134. Rehabilitation of the Burned Hand Workshop. Philadelphia, PA, March 1983.**
- 135. The Burn Center. Radio Program – WVIP, Mt. Kisco, NY, April 1983.**
- 136. The Burn Center. White Plains Rotary Club, Mamaroneck, NY, April 1983.**
